Bi-weekly Report #1

Project title: Kids Learning Tool

Group 3: **Nick Foley**, John Ross, and Steven Truong

1. **Previous work:**

   We each created an individual project idea and came together to discuss what idea we liked the most. We decided on going with an online child learning tool that will enable teachers to more easily comminucate and distribute work to their students.

2. **Work finished in the past two weeks:**

   During the first week we created the project proposal and began to discuss the features we will need to implement into the website in order to get it to work. After we got the feedback from the proposal we began work on the website. We started to create the front-end design of the website and implemented it using HTML and CSS.

3. **Milestone for these two weeks:**

   The milestone for the last these two weeks were to complete the project poroposal and begin development of the website. While they were not officialy in the plan, they are both two important steps in ensuring the success of the project.

4. **Group meeting minutes:**

Meeting Date and time length	Participants	Meeting minutes
May 24th 25 minutes	Nick Foley, John Ross	• Delegated work for the proposal and discussed website features
May 26th 60 minutes	Steven Truong, John Ross, Nick Foley	• Reviewed the proposal and made edits as necessary • Discussed the implementation of certain features in the website
June 2nd 30 minutes	Steven Truong, John Ross, Nick Foley	• Delegated work for the next two weeks • Discussed hosting the web server and implementing the account system

5. **Plan for the next two weeks:**

The plan for the next two weeks is to continue the development of the front-end and begin development and implementation of the back-end. This includes development of the main homepage for the website and the creation of the account management database.
